Alan & Karen Craft have been living in Dallas for the last 3 years. Alan is a computer/management consultant with Price Waterhouse. Congratulations to **Doug Carr** who graduated NPGS and is now in the depths of the Pentagon. **Dave Hemmert** spent the summer hiking the Appalachian Trail to recuperate from the Army and passed through Dallas on his way to Texas-Tech to pursue a graduate research fellowship.

John Graham checked in from the Ohio State U, where he is studying to be a BS&L instructor.

provided a personal update. He is currently the controller for the Delaware Dept of Admin Services and is working on an MBA at UD. Scott & **Terri** have a son, Nick. Recently, Scott connected with **Greg Skibicki** and discovered that he is an infantry instructor at the chemical OAC (that is how Scott reported it).

Making up for the lack of correspondence over the last 9 years, and hoping to provide enough for the next 9, **Claire (Hramiec) Walker** dropped us a quick note. In May, Claire & **Matt Walker** were married in a small ceremony on Maui. They live south of San Francisco, where depending on the time of the year, they can be found mountain biking, windsurfing, and skiing. Claire was recently promoted to sales managers for a chemical distributor.

Kathy (Pierce) Schlimm attended the nuptials. Kathy & **Paul** are on active duty. Kathy is teaching ROTC at U of Hawaii (rough assignment). They have a one year old daughter, Claire.

The other Claire keeps in touch with a few swimmers—**Larry & Kathy Jacobsen** are in Marietta, GA. **John VanSant** moved to Memphis, and **Tom & Marianne**

are off to Chile in January.

Surfing the net, **Scott Kessel** found our address and

Albansee live outside of Chicago. Claire occasionally runs into **Mike Fitzpatrick**, **Gerard Falzon**, and **Dave Fleece**.

Clarence Jones writes that he is no longer making the DC to Iowa commute. His wife **Jazmin** had been in Iowa working on a Ph.D. in psychology. She is now happily finishing her dissertation in DC. Jazim, CJ's daughter, is in preschool and CJ is an attorney with the Justice Dept. CJ said he had recently been in touch with **Bill Sanders** and **Ron Steptoe**.

The short and sweet update is intentional because we wanted to ensure that all the pictures submitted are actually printed. Please update your address with AOG and with class e-mail list <usma1987@west-point.org> so we can contact everyone with reunion information—10 months and counting. The e-mail list has climbed to over 300 names. We'll be using it to transmit reunion info throughout the next year so please keep your address up to date.

APBs—**Alan Craft** for **Nate Berman**, **Dave Cole**, **Rich Fugate**, and **Mike Cote** (contact AlanCraft@notes.pw.com). **Scott Kessel** for **Ron Cieri** (call him, he's in the book).

We've moved again. It's functional area time, so the family and I are waiting to start language class here in the Presidio of Monterey.

We have a great many classmates attending either the prerequisite FAO language training or attending NPS. **Pat & Karen Bearse**, **Keith Detweiler**, and **Rhonda Cook** are here at DLI. **Matt Schnit** and **John Hartke** are both attending NPS. **Troy & Deana Busby** are in the masters program at the Monterey Institute of International Studies.

Talking with **Rhonda**, I understand that **Kathleen Chandler** is in San Jose, studying at Stanford for a masters in History, and from there she will venture back to WP to be a History "P"

Tyler & Tracey Randolph have joyfully added another to their fold, Sarah Morgan Randolph was born on 21 Sep 96, 6-lbs, 7-oz. Congratulations.

"**Otto**" **Hays** dropped me the long anticipated letter detailing his whereabouts since his mysterious and shocking estrangement from humanity as we know it. Seriously, since his sabbatical in Egypt and Greece, **Harold** has settled down and is currently pursuing a doctorate in Egyptology at the U of Chicago and plans to be in that area for the next several years.

Beard & Pam McAulay have exceeded the national average, giving Samantha and Sam a new baby sister, Madeleine Louise,

born on 14 Nov 95. The McAulays are residing in Huntersville, NC, and Beard extends a hearty welcome to all who wish to visit.

Well, gotta get to the "honey do's," until next time, keep writing.

Greetings to all those who Strengthen the Line. Hope this column finds you all well and preparing to BEAT NAVY!

Received a great letter from **Willie & Chriss (Chavez) Horton**. Along with their two sons Randy (4) and Colton (2), they live in Allen, TX, a suburb of Dallas. Chriss & Willie '87 both got out in October 1995 and now work for Texas Instruments. They see **Bob & Cheryl Sutter** and their two sons, James and Tim, as Bob works for T.I. **Brett Bowman** is married and lives in Plano, TX, where he works for EDS. Chriss also wrote of an interesting way the Army works. After she & Willie ETS'd, they joined the reserves in January 1996. In February, Chriss' unit, 607th MP Bn received activation orders. They went to support JOINTENDEAVOR in June 1996, rotating patrols into Hungary. Strange how things work sometimes. Chriss invites all the B-2 Bulldogs to e-mail her at <will2@usa.pipeline.com> or write to 1001 Hopkins Drive, Allen,

TX 75002. Thanks Chriss for the Hr and take care.

Mike Shea's sister Linda sent a nice letter about Mike's wedding on 15 Jun 96. Mike married **Laura Fetko '91** in Charleston, SC.

Fellow '89ers included **Steve Plank** and **Jeff Macklin**. After a honeymoon in Peru, Mike returned to dental school at U of South Carolina. Jeff is working for Gemini, and Steve was recently married. Details unknown. Congrats to the Sheas, and thank you Linda for the letter.

I ran into my old roommate, that brilliant cheesehead **Mike Green**, here at the Mountain Post. Mike was a Marshall Scholar in England for two years, got a degree in Econ, then came to Ft. Carson to the 52nd Engrs. He has been platoon leader, XO, and now company cdr. However, Mike is getting out and will work in civil construction in the Chicago area. It was great to see ya again Mike—my GPA was never so high and you never loved the Yankees so much! Best of luck and stay in touch.

GRIPES AND RUMORS. I heard **Paul Lomtevas** had the right field bleachers doing the Rocket cheer at Yankee Stadium during the World Series. Paulie couldn't be reached for comment but supposedly always "knew" the Yanks would win in 6. . . **Keith Page** was seen on a Texas golf course this summer with Michael Jordan playing a skins game. . . **Heather Bryn** has been rumored to have been playing pro basketball in a women's league in Italy, enjoying some TDY from Germany. . . Scuttlebutt says that **Jed Clarke** has moved to Hollywood to take a crack at the big time. He was working as a gunslinger in a B movie called "El Durango."

That's all for this time. Don't put up the horses wet. Inventories are training. See y'all in the Club or in the sticks. Brave Rifles. We Strengthen the Line!

Greetings from Ft. Bragg. The column is definitely a little picture anemic this month, but many of our classmates checked in over our class homepage on the Internet with e-mail. Luckily, **Malcolm & Robin Schaefer** sent in this picture of Malcolm's graduation from UVA Law School this spring. They are headed for Ft. Benning where Malcolm will work in the office of the Staff Judge Advocate at Ft. Benning, and Robin will join a group of anesthesiologists in Columbus as a new Nurse Anesthetist. Congratulations!

Our class homepage seems to be a big hit <<http://www.aog.usma.edu>>, so if you do not have time to send in some mail, just send me an e-mail through the class homepage. You still have to mail me pictures.

Doug Williams checked in from grad school at Southern Methodist University in Dallas. He reports that many of the
