

left the Army in 1992 and after travelling the U.S. for several months landed in Massachusetts where he attended Boston Law School. He currently lives in Londonderry, NH, where he works for Met Life.

In April, **Hae-Sue Park** and **Dwayne Romero** received their MBAs from Harvard. Dwayne & **Margaret** now reside in Denver where Dwayne landed a job with a real estate development firm in Aspen. Rumor has it that he is still searching for his office and he is spending most of his time in the resort! Hae Sue is teaching economics at WP. **Jimmy Lutz** and **Ron Davics** are in their second year at HBS.

The Class of '87 leads the way with the highest percentage of graduates of any class on e-mail—52%. For those of you who are not yet set up on e-mail, juno.com is a FREE e-mail service provided through AOG. A few updates on electronic communication. **Mike Lyman** created an incredible and constantly changing web site. Features on this site include selective search capability (i.e., by company, state, etc.), photos, FAQ's, and past ASSEMBLY columns. Please stop by the site and update your data record with your correct home state/country so people looking to get together with everybody in their area won't have to send messages to the entire class. If we have accurate info on everybody, people could just stop by the database page, see who all lives in say New York and send an e-mail to just those people.

Congratulations to our 29 BZ selects.

Most of you with current addresses at AOG should have received the packet from the reunion committee in August. Here is an update to the dates of our reunion from **Scott Snair**. The Homecoming weekend was moved to 15-18 Oct 98. The football game will now be against S. Mississippi. These changes are due to USMA's recent entry into the NCAA USA conference.

Darren Alch, Esquire, writes from Houston where he works for a "somewhat" professional law firm. His wife **Tracie** is a drug dealer in the Houston district for Pfizer. Darren reports they would hobnob endlessly with the southern elite, particularly **Dave Anderson** and his wife **Elizabeth** before they moved up to Buffalo to become the northern elite. **Chris & Wendee Anstead** practice law and catch UV rays in West Palm Beach. You guys let me know if you run into Chris and Rita of "Silk Stalkings" fame. **Dan Rice** is up in

1988—Bob and Joshua Watson with Emily, Mike, and Andrew Gould.

Chicago as a RM for McGaw (sic) and it is rumored he feeds **Craig Hurley** at least twice a week. **John Vigna** is doing PCCs prior to returning to our RBHH (rock bound highland home) to be a history "P." **Eric & Andrea Keltner** now reside in Carmel, IN, not to be confused with Carmel, CA.

Donna (Miller)

Sweeney is back at WP with her husband **Brian '86** who is a Physics "P." Donna is working on her MS in biology at SUNY but has made time share histories with her old I-1 buds that are there. She says she

looks forward to tail gating with **Sean Lewis**, **Rob Rabb**, and **Bob Watson** during the reunion. Speaking of Bob, he sent a photo of FD in Charlottesville, VA, and a father/child bonding experience with **Mike Gould** up in Tyson's Corner.

Magda & Dave Bennett are up at UW where Dave is studying to become a Russian "P" (after 4 to 5 months at the Marshall Center in Garmisch of course). They had their fourth son, **Ryan Jay**, who will be celebrating his first B-day this December. Congratulations! Magda is working for an old, old grad ('84) and manages an insurance

► 1988—The Bennett family "fireteam," Dave, Magda, Chris, Eric, Alex, and Ryan.

1988—FD at Ft. Lewis.

agency. The Bennetts also report that **Shawn Richardson** works for Prudential Securities, **Dewey Sutton** is no longer a bachelor, and that **Greg Allen**, **Dave Chapman**, and **Jennifer (Donnelly) Taft** all live up in the Tacoma area. If any Hawgs or Guppies are up in the Bennett AO give them a call.

Judy (Kress) Marburger sent some photos of **Frank Tate's** wedding to **Amy** in North Carolina. Along with **Judy**, **Jim Brown**, **Sean Deller**, **Ronnie Howell**, and **John Menges** were in attendance. **Kevin Kriesel's** dad sent a photo of Kevin's grad from med school. Kevin started his residency at U of Wisconsin, Madison in ENT.

► 1988—Kevin Kriesel with dad Melvin '62.

Carmen & Gabriela Pino and their two beautiful children, **Robert** and **Stefanie** are now in Chicago where Carmen works in the industrial division of Castrol Oil. For the last 18 months, he had been "jet-setting" throughout Asia and Mexico, while his family had enjoyed the lovely Chicago weather. Carmen says Vietnam is really an interesting place to visit.

He was recently promoted to the Chemical Management Division where he will spend a lot more time at home getting re-acquainted with his family.

Carmen received a Christmas card from **Warner Irizarry**. He and his wife **Lin** live in Uruguay with their two children (**Alan Michael** and **Angelique**). Warner is a Military Attaché, and apparently doing great.

Keep writing and God Bless.

Greetings to all who Strengthen the Line. Hope this column finds you well and enjoying yourself. This time, I have mostly e-mail sitreps so I'll begin right away.

Dale "Turtle" Henderson is on the writing rampage once again. Once he & **Andrianna** arrived at NPS in Monterey, CA, Turtle actively began soliciting fellow classmates for our class gift. (As a paid public service announcement, if you are reading this and have not given to the class gift, shame on you.) Turtle is learning to be an ORSA-pod and goes to class with **Omar Guterrez**, **Jim Barren**, and **Mark Merrill** as well as all the Squids.

Mike Ball sent word of **Bill Montgomery's** wedding on 15 Jun 97 to **Karen**. Apparently, Bill was doing his best Elvis impersonation on the dance floor. Also attending were **Frank Brunner**, **Bert Maqueda**, and **Kevin Nikodym**. Frank is on the local school board at his home in Florida. Bert lives in Phoenix with wife **Kristen** and son Chase and runs a successful building firm. Kevin lives in San Antonio with wife **Jackie** where he works as an EE (Juice-man) for the AF—I guess their Juice Dept cannot turn out the best ones like ours does!

Jim Lynch must be amazed with e-mail because I got his message twice. Jim & **Jodi** are at Ft. Sam where Jim teaches OBC to the new Med Platoon Leaders of the world. In July 1997, they had their first child, a baby girl whose name I don't know (this is a subtle hint for a photo next time, Jim. Otherwise, you'll be forced to eat some cream chopped ham).

While I'm on D-3ers, **Fritz Hager** is now the president of a school spirit company that sells cheerleader uniforms, etc. to schools throughout the country. **Sarina** is working as a lawyer in the Dallas area. Otherwise, they take lots of vacation and enjoy the good life. Fritz also reports that **Casey Reed** got married in summer 1996 and now lives in Michigan. **Chris Destito** graduated from the FBI Academy in June

1997 and is keeping things lawful in Norwich County, NY. **Rob Orlando** works for Applied Materials in Austin, TX, and he & his wife had their second child, another girl in February 1997 (not sure of name). **Rob Jorgensen** graduated Michigan Bus School in May 1997 and now works for Intel. **Dave Dinger** has given up cmd in 1-7 CAV and is currently in CAS3. Thanks for the update, Fritz.

Speaking of CAS3, **Anthony Briggs** sent me a note that he lives in KC and works as a computer programmer. He was also nice enough to invite classmates attending CAS3 to visit him. Anthony lives at 9508 Foster St., Overland Park, KS 66212; tel. # 913 381-8743. So, if you plan to see any Chiefs or Royals games, perhaps you can tailgate with the Briggs.

Pat O'Hanlon sends his best to everyone and has left Army Blue this September for Harvard Business School beginning in January 1998. Pat finished command in 3ID at Ft. Stewart in 3-7 CAV. Also received word that **Mike Saluto** is now working on his master's degree, as well as sending out recipes on the net.

I owe an apology to **Charlie Walls**. At CAS3, I asked him to write me some things on a 3x5 card about what all he is doing, etc. As I PCS'd from Ft. Carson to Ft. Chaffee, I lost it. In my last column, I said that I couldn't find it. But now I've found it. So, Charlie married **Donna Homan** in May 1995. Charlie commanded an HHC in 1 AD during Joint Endeavor in Bosnia. As of March 1997, they were still stationed in Hanau with their puppy Scout and Charlie's cadet car—an 5.0 1988 Mustang. There it is Charlie. Hopefully, you won't think I'm completely a soup sandwich.

Technology is great. **Mitch Rambin** sent e-mail from Bosnia, where he is a CO Cdr. out of Ft. Riley. Currently, he is at Camp Dobol where he sees **Dave McVey** and they try to do PT and keep the soldiers from the wrong rules of engagement. Meanwhile back at the ranch, **Trish** enjoys Kansas with their two boys, Matthew (3) and William (1). Thanks for the update Mitch, and stay up on the e-mails.

Received a nice letter from **Steve Hric's** dad. Steve did consecutive overseas tours in USAREUR and Korea, then left active duty in 1996. In August 1996, Steve joined the 412th EN CMD, part of the USAR in Vicksburg, MS, where he was the CG's aide-de-camp. Recently, Steve received mobilization orders and departed for Bosnia in July 1997. Thanks for the letter Mr. Hric. Maybe you can update us on how Steve likes it over there.

Mike Fisher sent me a copy of the G-4 Guppies Newsletter. Man, there is so much info; I'll do my best to give you the second derivative. **Bruce Estok** got married in April 1997 and is now going to grad school in Atlanta after cmd in the 82d. **Dave Brunnert** got married on 5 Jul 97. He & **Holly** live in Houston where

Dave designs oil drilling equipment. **Bo & Kim Balcavage** are at Ft. Benning with son Jared. Bo is now in 3d Rgr Bat, after cmd in 82d at Ft. Bragg. **Joel & Patti Bosco** live with their kids, Craig (5) and Julia (2) in Michigan. Joel is a QA/QC'er for Pontiac. **Tom & Cheryl Weisenfels** live in Newark, DE, where Tom works as a stockbroker. **Whit & Kristen Wheeler** are doing the SF thing and Whit is currently in Rwanda. Thanks for the update, Mike, and keep in touch.

GRIPES & RUMORS. I heard that **Mike Wegler** is managing his own Mutual Fund that deals in cosmetics and beauty aids. Supposedly, he is making a killing and now relaxing in the Cayman Islands . . . **Tom Sheehy** has been reported as driving a bus on tours of the Green Bay Packers Museum in Wisconsin. Tom couldn't be reached for comment, but has been alleged to get to ride his Harley with the players . . . Last report on **Willie Mainor** was that he was busy combing the beaches at Cape Hatteras with his new metal detector. Rumor has it that Willie's first big find was a piece of Yearling brass, lost on someone's spring break long ago . . . By far, the best new one that I've heard comes from a lonely river boat on the mighty Mississippi. Apparently, **Kevin Dice** was enjoying a hiatus from the bump and grind rigors of Ft. Bragg. He was winning at the Blackjack table until a quiet bystander tapped him on the shoulder. It wound up being his former TAC officer. After that, Kevin proceeded to lose his winnings and retire for the evening.

That's all for now. Hope to meet you at the club or in the field (if not, see you on email). **Marna** & I wish everyone the best. If you're in the neighborhood, stop by and put the Cavalry Party Guidon up. Brave Rifles! We Strengthen the Line!

Salutations from the NW. I ran into **Darby McNulty** (F-4) during his pre-command orientation to the hospital a few weeks ago. He has taken a battery command, is still single, and is having a great time at Ft. Lewis.
