

Owen, and Jeff is the S-3 for "First Tank" (1-72 AR) at Camp Casey. "The three of us have had the opportunity to travel to Seoul for some good food and sightseeing. We've even played a few rounds of golf on three different courses—two nine-hole courses on Camp Casey and Camp Red Cloud and then a 'real' course near Yongson (Seoul) called Sang Nam. Despite the hardship of leaving family and friends behind, we've had a good time visiting each other. Hes and I went out to dinner and she began speaking Hangul to order several interesting items. Before I knew it, I was eating jellyfish and squid—not something I would ever crave, but tasty nonetheless." The Prior and Peterson families are at Ft. Leavenworth until Bill and Jeff return to Ft. Riley, KS, after a one-year tour in Korea.

For those of you who followed the strange but true stories of former classmates, the fate of Byron 'Low tax' Looper has been revealed. **Chris Rigoni** dug up the following brief on our former classmate. Headline—Politician convicted of killing rival, 'Low Tax' Looper sentenced to life in prison for 1998 murder. The 12-person jury only deliberated three hours to come to a verdict. Looper had pleaded innocent to shooting Democratic state senator Tommy Burks, 58, as Burks sat in a pickup truck on his farm on 19 Oct 98. A Republican, Looper changed his middle name to "Low Tax" after several political defeats. He finally won office in 1996 as the Putnam County tax assessor and later challenged the incumbent Burks for the state senate seat. As is usually the case in trial, Looper was planning an appeal."

Well, that does it for this edition of '87 news. Thanks for all the updates. Our apologies to those of you who scan photos that don't make the article. Unfortunately, the dpi requirement for ASSEMBLY is AT LEAST, 266 dpi—higher than most photos we receive. Until next time, best wishes from Park City, UT, "home of the greatest snow on earth!" As always, feel free to drop in for some skiing. Beat Navy!

Greetings to all. We are back in the States after our short tour of North Africa. Our last two months in the region were quite a wild ride. Four days after graduating from the Tunisian Staff School, **Cathy**, the boys, and I departed on a 30-day tour through Egypt,

and the Middle East. I recommend the Levant to all of you world travelers, although not necessarily during the months of June and July.

**Lisa & Scott Strine** dropped a note and some photos from Woops. Lisa starts her fourth year at AOG as Scott continues his exciting career selling drugs for Pfizer. Scott will

undergo a third operation on his back so keep him in your prayers.

We also received some Founders Day photos from both ends of the country.

Now for some AOG news. Please update your biographic info in the *Register* and encourage our other classmates to do the same.

Greetings to all those who Strengthen the Line. Hope this finds you well and enjoying life. I have some short stories to tell this time. I have been on various exercises around the Korean peninsula, so slim pickings abound for stories this time. If you have any details, please send them to me.

I got e-mail from **Doug Vinson**, where he tells of his relocating to Charlotte, playing the venture capital/consulting game. His address is: 10370 Sutherby Dr., Charlotte, NC 28277; 704 541-7957; <[dvinson@tppartners.com](mailto:dvinson@tppartners.com)>. They just had their third

child, Victoria, who was born on 14 July 2000. Alexandra (6) and Christian (4) are doing well. Doug also says "Go Cowboys!" (Doug, include your wife's name next time!)
