

1987—Army bowling captain and NCAA champ Dan Karbler and battalion at last call.

19¼ inches. She joins older sister, Alison. Andrew John Creedon was born on 28 Sep 02 to **Mike & Sherri Creedon**. Andrew weighed in at 6 lbs., 14 ozs., and 20¼ inches.

Edward Binegar writes “I am the proud father of another baby boy—our third (can't seem to get that elusive girl!). Here is the poop (no pun intended): Christopher Michael Binegar, born on 10 Oct 02 in Birmingham, AL. He was 21" long and 8 lbs., 1 oz. Sorry to miss the reunion, but for some reason my wife was unwilling to make the 1,200-mile trip from Alabama. My boys (8 and 5 years old) are doing great and enjoy their brother as much as can reasonably be expected.”

1987—Another Alumni Review. . . cadets look sloppy.

We've kept the column short this time to make room for photos. For more photos, see the class webpage (URL listed above). In closing, we want to acknowledge **Ted Fredrick's** comment “The 15th Reunion confirmed something we already knew before the reunion, how much we love the Class of '87.” We look forward to discovering more interesting things in 2007!

Hello all. **Jack Amberg** sent an update from Asia. He wanted to correct the record from the last “Class Notes” column. Jack is in Japan as Deputy Chief of Public Affairs for USARJ. He reports PAO USARJ has some long hours, which is obviously payback time for his last five years. Okay, everybody clear now? Good.

George Bisker had a mini Frog reunion in

product development manager for Newell Rubbermaid. **Mike Pape** is a patent attorney in Minneapolis for Kinney & Lange.

Bob Watson dropped a note and a photo while on leave from the Hotel Inter-Continental in Singapore. Bob is in the tail end of his tour as S-3, 58th Signal BN, on Okinawa. He sent some info on a few I-Rock classmates.

1988—Bob & Angela Watson in Singapore.

Mike Gould, Paul Hurley, and Bill Coffin all moved to the seat of power of the free world—no, not Crawford, TX, but Washington, DC. **Sean & Amy Lewis** are at Ft. Bliss. They have a home in

1988—Mike & Rhonda Pape and their sons Alex and Zachary; George & Jill Bisker and their son Nathan; and Tom & Carol Barnett.

New Mexico with plenty of room for their eight children. (Yes, you read that correctly.) **Tom Earls** still has the “lawyers are us” shingle out in Texas, as does **Kevin Carroll**, who practices law in Maryland. **Andy & Robin Ulrich** are in Darmstadt, where Andy is XO of a Signal battalion. Stay tuned for a reunion update in the next issue. God bless and keep writing.

Greetings to all who Strengthen the Line. I hope all is well for everyone and that you

Somerset, WI, and sent a photo. George is a consultant for Fourth Shift Soft Company. **Tom & Carol Barnett** visited from Greensboro, NC, where Tom is a

and your families are enjoying life. It is a cold November night on the Korean peninsula, and the wind is howling through the base camp. Our turrets smell from cordite and the soldiers are trading cigarettes and war stories. This is the night before Tank Table VIII for 2d Tank and the Dragons are reading their tank gunnery manuals. Please forgive the brevity of this column. . . but the good old S-3 must study up on the tank as well!

Dave & Monika Halligan send their best from Florence, SC, where Dave works for Target as a group leader in a distribution center. Dave also is in the Reserves at Ft. Jackson as an S-3 for an MP TASS battalion. Monika teaches English at one of the high schools there and volunteers with the local Lions organization. Their kids are doing well. Thanks for the update, Dave. Keep on those long Waldo runs!

1989—Jim & Laura Squire.

Margaret Wilson sent a short e-mail and said hello to all '89ers. She works for ConAgra and enjoys the travel and adventure of a management consultant/project manager. Margaret also tells me that **Joe Mazero** was promoted to plant manager, in Rossford, OH, in October. Thanks for the short note, Margaret. Send more info.

Jim & Laura Squire send their best to all '89ers and especially fellow Buffalos. Jim and Matt Hyre '97, who are engineering “P”s at VMI, plan VMI's first Army–Navy spirit mission against some Annapolis professors at the school for Brother Rats. Jim also keeps the B-4 e-mail address list current at <http://academics.vmi.edu/ee_js>. Thanks for the inside info, Jim. Please let us know how it turned out. Beat Navy!”

Gripes & Rumors. I heard that the S-3 of 2d Tank is actually going to qualify his tank. [Scribe's note: HQ-63 scored 940 points on Tank Table VIII.]

Have to run to the boresight line. . . wish me luck, '89. See y'all in the club afterward and we can talk some trash. “Gunner, Sabot, two tanks. . .” We Strengthen the Line!
